

Racial Intelligence 1-Day LEADERSHIP Class

Combining Emotional & Social Intelligence Lessons

“This is NOT an out dated 1980’s cultural diversity training, that put officers down. We wanted a less academic, easy-to-use training, with better ways for our officers to communicate, and to De-Escalate situations more effectively. RITE training supports our officers, our department, AND our community.” ~ Chief Rob Hicks

Build trust between your agency and the community, while sustaining career resiliency for your officers. Emotional Intelligence combined with Social Intelligence helps officers use enhanced verbal skills, **on 95% of calls.**

Emotional Intelligence (EI) is being aware of our emotions, knowing that emotions drive behavior which impacts others (good and bad). **Social Intelligence (SI)** is how we effectively navigate and negotiate all outside relationships and situations.

Racial Intelligence (RI) combines EI and SI with individual Tools, given to every Leader in class. This is the only officer training that continues the lessons well after the training ends. This 1-Day training is perfect for the key leaders and command staff in Police, City, Fire, and Corrections agencies.
