

Racial Intelligence 1-Day LEADERSHIP Class

Combining Emotional & Social Intelligence Leadership

“This is NOT the 1980’s cultural diversity training, that put our officers down. We needed a less academic, easy-to-use training, with better communication, and De-Escalation tools that our officers could easily use. RITE training supports our officers, our department, AND our community.” ~ Chief Rob Hicks

Build trust between your agency and the community, while enhancing career resiliency for your officers. Learning Emotional Intelligence combined with Social Intelligence will help your officers communicate more effectively, **on 95% of calls where they need it most.**

Emotional Intelligence (EI) is being aware of our emotions, knowing that emotions drive behavior which impacts others (good and bad). **Social Intelligence (SI)** is how we effectively navigate and negotiate all outside relationships and situations.

Racial Intelligence (RI) combines EI and SI with individual Tools, given to every Leader in class. This is the only officer training that continues the lessons well after the training ends. This 1-Day training is perfect for the key leaders and command staff in Police, City, Fire, and Corrections agencies.
