

# Racial Intelligence 2-Day Train-the-TRAINER

*Training that De-Escalates 95% of Calls!*

RITE Training improves law enforcement and community relations in a brand-new way. Emotional Intelligence (EI) combined with Social Intelligence (SI) helps officers use enhanced verbal skills, on 95% of calls. Build trust between your agency and the community, while sustaining career resiliency for your officers.

**CHIEF:** *“This is NOT your 1980’s cultural diversity training, that beat officers down. We looked for a less academic, easy-to-use training, with better ways for our officers to communicate, and to De-Escalate situations more effectively. RITE training supports our officers, our department, AND our community.”*

**Emotional Intelligence** (EI) is being aware of our emotions, knowing that emotions drive behavior which impacts others (good and bad). **Social Intelligence** (SI) is how we effectively navigate and negotiate all outside relationships and situations
