8) What are some Key take-a-ways that you will use and share with others?

write down the uncontrollable problem on
the imaginary dry erase board. Now
erase it. Clack it up!

9) Anything you want to add?

It took me 15 years to figure out the tools
presented in this class. I was disciplined &
determined to figure it out for myself. I don't
think most people have Okaloosa County Sheriff's Office
the same level of dedication.
This course put 15 yrs of my self-analysis and
struggle to overcome myself into a 4-8 hour ->

course that I can now use to give others
these tools without them having to wait
15 yrs for them to figure it out on their
own (if they're even able to do so).

You two did a phenomenal job with this course
Great energy between the two of you.
